TODAYS SALE : C28 SI Thursday / 10 January 2019

COMPARED TO : C25 SI Thursday / 20 December 2018

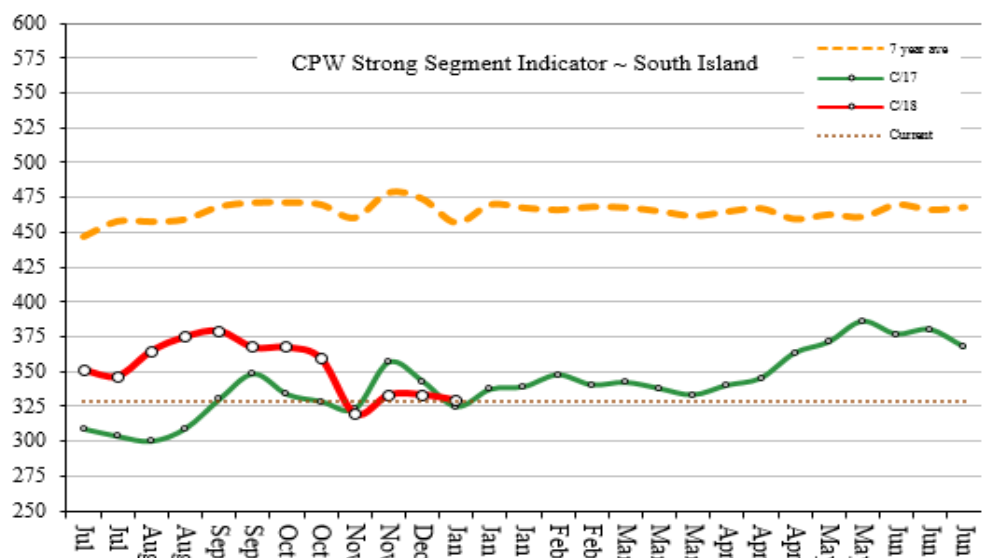

The first sale for 2019 saw some confidence back in the market with prices across all categories moving in a positive direction. With the increased volume of fleece wool coming forward, better colour types were sought after and poorer colour wools showed some signs of these types being sold forward. Lambs wool showed good demand on a limited quantity. Passings were the lowest for sometime.
